

## **Changemakers Project Resources**

### **Innovation in Urban Science Education Lab (<http://iuse.bc.edu/>)**

- **General Resources:**
  - [Google Drive folder with curriculum materials and project resources](#)  
(includes curriculum materials and resources for Changemakers-LEaFS)
  - Examples of student and teacher work:
    - [Online discussion board \(showcasing student and teacher projects\)](#)
    - [Changemakers Team Recipe Book](#)
  
- **Resources for Changemakers-LEaFS (Learning Ecosystems and Family Science):**

This is an adaptation of the Changemakers project to engage families through activities around hydroponics and automation in order to build and monitor mini-hydroponics systems that they received as part of a take-home kit

  - One-Tier LEaFS System (Spring 2021):
    - [Project website with curriculum activities, instructional videos, and resources](#)
    - [Playlist of instructional videos \(hydroponics and coding\)](#)
  - Two-Tier LEaFS System (Fall 2020):
    - [Project website with curriculum activities, instructional videos, and resources](#)
    - [Playlist of instructional videos \(hydroponics and coding\)](#)
